

# RESEARCH EXPLORER RUHR 2021

## CALL FOR APPLICATIONS

Research Explorer Ruhr (RER) is a program for international early postdocs (to be) interested in exploring the research landscape in the Ruhr Area.

Benefit from workshops on postdoc funding schemes and research career options in Germany! Do not miss out exchanging ideas & networking with our faculty members & early career researchers from Bochum.

Due to the special circumstances regarding the pandemic, this year's program will take place under special conditions. Instead of the two-week summer program on-site, RER 2021 will be a **1+1 week hybrid event**:

- September to December:  
**Virtual exchanges** with RUB researchers about your potential postdoc project
- December 6–10, 2021:  
**Virtual workshops** on funding and research opportunities
- 2022:  
**Follow-up invitations** to Bochum in 2022 possible (depending on mutual interest)

**The deadline for applications is October 15, 2021.**

*Please note that this year only researchers of Ruhr-Universität Bochum act as hosts.*

Please find all participating hosts and further information at  
[www.research-academy-ruhr.de/rer](http://www.research-academy-ruhr.de/rer)

If you have any questions, please get in touch with  
✉ **Dr. Jörn Benzinger.**
